FEEDING DIRECTIONS

Feed Key Horse 14% T to equine with good quality hay and/or pasture at 6 to 14 lbs.* per head per day depending on individual needs for performance and body condition. Provide clean fresh water and free choice salt. For further information concerning your feeding program, please contact your Keystone Mills Feed Consultant.

* Based on mature weight, actual grain intake may vary with forage quality and availability.

CAUTION: Do not feed supplemental selenium in excess of 0.3 ppm in the total nutritional diet.

NET WT. 50 lbs (22.68 kg)
